HOBBIES

- Coding
- Problem Solving
- Gaming
- Reading Tech Blogs
- Football

CAREER OBJECTIVE

A motivated 2nd-year Computer Science student with a passion for software development and problem-solving. Proficient in C++ and exploring web technologies, I seek opportunities to apply my skills in real-world projects, grow as a developer, and contribute meaningfully to a team.

EDUCATION

Bachelor in Computer Science (BSc. CSIT)

Tribhuvan University, Nepal

2nd Year | 2023 – Present (Expected 2027)

Relevant Coursework: DSA, OOP, Discrete Math, Web Technology, Database

PROJECTS

C++ Calculator

github.com/meSudip028/CPP-CALCULATOR

A fully functional command-line calculator built in C++ that performs addition, subtraction, multiplication, and division with proper input validation and error handling.

C++ | OOP | CLI | GitHub

More Projects Coming Soon...
